&

# SKILL DEVELOPMENT PROGRAMS

# CYBER CRIME - HOW INFORMED ARE YOU

## Dr. Elbe Peter- 18-11-2021

**VALUE ADDED COURSE ON  
CYBER CRIME  
HOW INFORMED ARE YOU ?**  
18th November 2021, 10:30 AM

**Venue:**  
Auditorium, ADC

The Internet is the global system of interconnected computer networks that use the internet protocol suite to link billions of devices worldwide. The information technology revolution has brought two main functions with internet. On one hand it has contributed positive values to the world and has made life really easier for us. While, on the other hand, it has produced many problems that threaten the order of the society and also has produced a new wave of crime in the virtual world. Cybercrime, also called computer crime, the use of a computer as an instrument to further illegal ends such as committing fraud, trafficking in child pornography and intellectual property, stealing identities, or violating privacy.

Things we do in the internet that we may consider as normal may be a crime as per the cyber laws. This program intends to throw light on the Do's and Don'ts in the cyber world.

**History of Cyber World | Real Vs Virtual World  
Cyber Crime - Types | Cyber Laws - Outline  
How To Safe Guard**

**Dr. Elbe Peter**  
MDS(Ortho), Ph.D, M(Orth), RCPS (Glasg)

INDIAN PROSTHODONTIC SOCIETY  
 KERALA STATE BRANCH  
**MUCORMYCOSIS - A SYMPOSIUM**  
 Listen to an expert panel  
**DATE :- 13 JUNE 2021**  
**11.00 AM - 12.30 PM**

**THE PHARMA RHYTHM - When What & Why in Clinical pharmacotherapeutics**

An extensive scientific session on clinical pharmacotherapy for treating illness based on endogenous biological rhythm which is now widely being accepted as Chronopharmacology. It gives emphasis on functioning of circadian clock and factors affecting normal human biological clock. It throws light on influence of biological rhythm on drug administration for various systemic diseases and also on dietary regulations. A thorough knowledge on right timing of drug administration definitely help the clinicians to increase therapeutic efficacy and to curb the incidence of drug resistance in near future.

Prof. Dr. Giju George Baby  
 Principal,

## EXPANSION IN PAEDIATRIC ORTHODONTICS

**FACULTY**  
Prof. Dr. Joby Peter, MDS  
Professor and Head,  
Department of Pediatric and Preventive Dentistry,  
Annoor Dental College, Kerala

**ABSTRACT**

Arch expansion is a method of gaining space. An apparently complex yet relatively simple procedure in orthodontics is palatal expansion. The correction of transverse maxillary deficiency can be an important component of an orthodontic treatment plan. Early age orthodontic treatment management of crowding, transverse problem and sagittal problem are very crucial in the long term success of the treatment plan. By attending this pre-conference course candidates will have a thorough in-depth knowledge of Slow maxillary and mandibular expanders and rapid maxillary expanders

- Why and when to use an expander?
- How to select the right expanders
- Early age management of expanders
- Removable expanders and their modification
- Quad helix, its activation and clinical management
- Bonded vs bonded hyrax
- Tow point versus four-point hyrax
- ALTRIMAC: its role in paediatric dentistry
- How to manage expansion cases in your clinical practice?
- Lab prescription and its protocols

## REPENSO

# REPENSO 2021

## Piezosurgery in Periodontology & Implantology –

Dr. Aswathy Sheela - 15-09-2021

## Gummy Smile : Diagnosis & Treatment –

Dr. Achu Jerard- 24-11-2021

**DR. ASWATHY, MDS**  
SENIOR LECTURER,  
AZEEZIA DENTAL COLLEGE

15<sup>TH</sup> SEPTEMBER | 9.00AM IST

### PIEZOSURGERY IN

### FUNCTIONAL CLASSIFICATION

Titanium nitrate coating: osteoplasty technique or for harvesting bone chips

Diamond coating : thin bone osteotomy or for complete osteotomy close to anatomical structures offering clinically less efficacious cut, histologically are more traumatic than cutting inserts, but much safer. They may be classified as:

Sharp insert tips

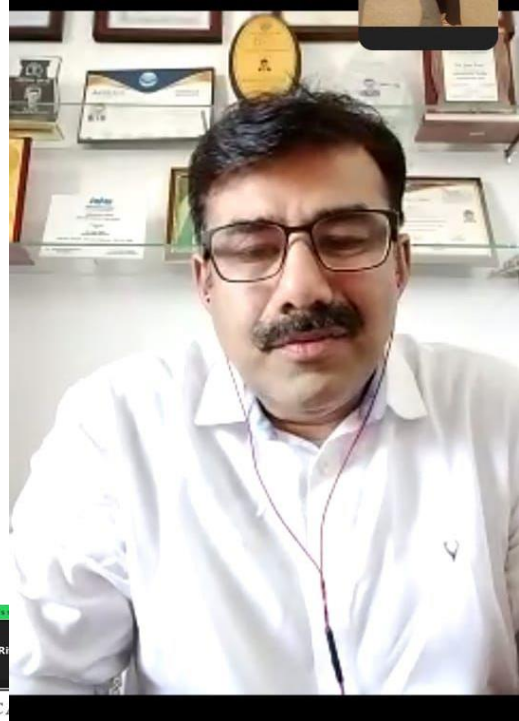

Blunt insert tips

Smooth insert tips

For effective treatment in bony structures such as in the osteoplasty techniques or for harvesting bone chips

Used for preparing soft tissues. For e.g. elevating Schneider's membrane or lateralizing nerve. In periodontics, these tips are

For precise and controlled work on the bone structure. These are used in osteotomy when it is necessary to prepare difficult and delicate structure such as those preparing for sinus

### GUMMY SMILE: DIAGNOSIS AND TREATMENT

KEYNOTE SPEAKER

**DR ACHU JERARD**  
CONSULTANT PERIODONTIST

ONLINE ZOOM PLATFORM

- ▶ A mucogingival deformity around the tooth.
- ▶ A non-pathological condition causing esthetic disharmony, in which more than 3 to 4 mm of gingival tissue is exposed when smiling.
- ▶ "Excessive gingival display" while smiling and in some situations even when the lips are in repose.

**Prof. Dr. Jose Paul**  
Professor & HOD  
Dept. of Periodontics  
Annoor Dental College, Muvattupuzha  
Super Randonneur 2021

Prof. Dr. Jose Paul, a renowned academician and clinician in Periodontics, is a late bloomer in the cycling arena. His sheer dedication and perseverance of his passion saw him successfully completing the 600 KM BRM from Kochi to Walayar and Kollam on Feb 20, 2021 and earning the coveted 'Super Randonneur' title. An active member of Muvattupuzha Cycling Club, he pursues his profession and passion in perfect harmony, which is key to a healthy life style. He shall also introduce every cycling enthusiast to the world of cycling through his pep talk "Wheels of Health - A beginners guide for Cycling".

**NAAC ACCREDITED**  
with the grade of

**B++**

A scenic landscape at sunset. The sun is low on the horizon, casting a warm, golden glow over the scene. The sun's rays are visible, fanning out across the sky. In the foreground, there is a dense forest of evergreen trees. In the middle ground, a wide river flows through a valley, reflecting the light from the sun. The background consists of rolling hills and mountains under a sky with soft, wispy clouds. The overall mood is peaceful and inspiring.

**We will stand United .....**

Towards the Journey  
to

**“Excellence”**

A photograph of a runner in a dark singlet and shorts running on a paved road. The sun is low on the horizon, creating a bright glow and long shadows. The sky is blue with some clouds. The runner is in mid-stride, leaning forward.
