The activities which led to the institutional excellence are as follows:

The faculties and students have a commitment towards the field of research and the research have been provided with grant from state and national level bodies.

The college regularly conducts faculty empowerment programs and interdisciplinary programs. Grants have been received for conducting tobacco related workshops from ICMR.

Various committees are formed which look into the academic matters, student and staff and patient welfare matters.

The faculty are invited as resource persons and chair persons for scientific sessions at various international, national and state level conferences and programs.

Outreach activities are conducted on regular basis to empower the students and faculty with a sense of social responsibility and commitment towards the society and various accolades have been received for the activities conducted. Extension activities of the institution provides a link between the college and the community and bridges the knowledge gap between them.

Students participate in various conferences wherein they present scientific paper and poster and have received awards both at UG and PG level.

The UG and PG students are credited with various international, national and state level publications of the research activities.

The college has an official publication named 'Journal of Oral and Biological Sciences' which is a platform for showcasing the various research activities in an open access domain.

At the academic frontier, the students have excelled in exams and have secured University ranks and meritorious awards.

The programs conducted on the eve of special days by various departments have been recognized at national level platforms and also have won awards from the respective associations for the competitions held.

Various faculty have been recognized as PhD guides from the Kerala University of Health Sciences.

A significant milestone is the establishment of international collaborations and Memoranda of Understanding (MOUs) with AIMST University, Malaysia for student and faculty exchange programs in relation to academics and research and Manipal Melaka University, Malaysia. These partnerships offer opportunities for global exposure, joint research initiatives, cultural exchange, and enhanced educational programs. The collaborations contribute to the college's reputation, create a global network, and position it as an institution committed to providing a high-quality, globally connected education.
