VISION

Vision of the college is to promote and foster the national and international relations to nurture and elevate the individual and institutional merit and to always keep in mind the needs of the underprivileged in all our goals of promoting human excellence. It aims to achieve quality at every level of management, academic and administrative practice and have a distinctive work climate of service to the neediest. The college aspires to elevate the treatment quality to the third dimension by providing clarity of communication through intradepartmental and interdepartmental discussions, debates via continuing dental education programs. The institution also aims in reduction of workplace stress by incorporating and integrating digitized platforms; for entering, storing and analyzing patient data has been established. The institute trains general, Specialized & Allied professional personnel to meet regional & national oral health care services. The institution imparts holistic education in a conducive learning environment through excellent faculty and adequate infrastructure and resources. The institute functions as a centre of excellence for professional education, so that the students not only excel in their chosen field but also develop ethical values. The Institute aims in providing sound clinical and bio-technical education through highly qualified and experienced faculty to churn out excellent medically competent dental professionals. We also desire to serve the underserved. Our endeavor is to provide excellent infrastructure and academic ambience conducive to advanced learning. We aim to be efficient, effective, community acceptable and thus aspire to emerge as the best dental college in India.
