Ernakulam Rural District Police "Janamythri Sthree Suraksha Swayam Raksha Parisheelanam" had showed the videos of various self defense techniques which they explained theoretically and practically. The response for training was quite good.

The participants were provided with the key chains which would be used as a safety tool. Then they explained various techniques and showed practically how to use that tool. All the participants were made to practice the techniques with other participants.

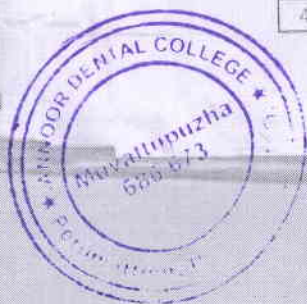

After the session, all the participants were given participation certificates. Also the participant feedback was collected. The feedback of students was positive and looking for similar workshop in future. The participants had learned the new techniques of self-defense. They are also interested to attend similar kind of workshop on large scale to empower the skill of self – defense. It was decided to conduct similar work shop every year. A Report on SELF DEFENCE TRAINING WORKSHOP FOR FEMALE STAFF & GIRL STUDENTS

Annoor Dental College and Hospital, Muvattupuzha had conducted a self-defence workshop for female staff and girl students as an initiative by the Kerala Police under its Community Policing Project. The program was conducted in the College Auditorium from 1 pm to 02.30 pm on 4th Saturdays of every month. Principal, Vice Principal, Female Staff and Girl Students attended the program.

Ernakulam Rural District Police "Janamythri Sthree Suraksha Swayam Raksha Parisheelanam" had showed the videos of various self defense techniques which they explained theoretically and practically. The response for training was quite good.

The participants were provided with the key chains which would be used as a safety tool. Then they explained various techniques and showed practically how to use that tool. All the participants were made to practice the techniques with other participants.

After the session, all the participants were given participation certificates. Also the participant feedback was collected. The feedback of students was positive and looking for similar workshop in future. The participants had learned the new techniques of self-defense. They are also interested to attend similar kind of workshop on large scale to empower the skill of self -- defense. It was decided to conduct similar work shop every year. We would like to thank the Management and Principal for giving this opportunity.
