FEEDBACK ANALYSIS OF STAKEHOLDERS AND ACTION TAKEN

REPORT

2018-19

The institution collects feedback on curriculum aspects and courses from different stakeholders such as students, alumni, faculty, employers and professionals. Once the feedback is analysed and valuable suggestions given were considered and necessary actions were executed. The feedbacks were collected biannually. Based on the feedbacks collected, the remedial measures were discussed and plan of action was formulated.

STUDENT FEEDBACK

Students were given feedback forms and based on the assessment the following feedbacks were received and the necessary actions taken in the table below.

SL. NO.	FEEDBACKS	ACTIONS TAKEN
1.	Students suggested for including skill oriented courses to improve the clinical skills.	CDE programs and workshops were organized which helped to improve the clinical skills like Minor surgical procedures workshop, workshop on implants.
2.	Students suggested to increase the library usage hours and to augment the library facilities.	The library was upgraded with EBSCO, INFLIBNET other learning platforms are provided to students with internet facilities and the library timings were extended.
3.	Students suggested to include an orientation program to help them provide a knowledge regarding the various work opportunities post their course.	Programs conducted like 'what after BDS?' to sensitize the students the various options available.
4.	Smart class programs to be made effective and improve the student-teacher interactions.	Learning management systems to improve the student-teacher interactions were implemented and smart classrooms were made more effective by use of ICT.
