Report

Annoor Dental College and Hospital through its various extension activities helps students to understand their obligation towards themselves and towards the society. Our College has organized a number of dental camps, awareness programs, workshops, blood donation camps and empowerment programs in the past few years through which we were able to sensitize students regarding their social duties and responsibilities. Extension activities of the institution provides a link between the college and the community and bridges the knowledge gap between them. Our institution had set an example by distributing 150 beds in the year (2018), thus, helping the community as a part of the flood relief programme in Muvattupuzha, Ernakulam District, Kerala. The students and staff members also had taken the initiative to collect and distribute essential goods in the affected areas. The institution had also participated in flood relief activities throughout the Idukki district and thus encouraging students to act spontaneously when met with emergencies and natural disasters. This experience also enabled the students to gain life skills in mobilizing community participation and utilizing their knowledge in finding practical solutions to problems. The institution has also undertaken numerous visits to orphanages for educating and creating oral hygiene awareness among the underprivileged children in the society and thereby paving the undergraduate and postgraduate students to better understand their moral responsibility towards the society. It makes the students identify the needs of these children and help them involve in problem solving process. The institution through the Mandahasam programme, had delivered free dentures to old aged individuals and involvement of students in all these activities helped them to improve their skills and values. These activities aided us in delivering oral health care at their doorsteps and providing immense support to those who needed it thereby making students understand and realize their civic responsibility. Moreover, such activities aid students to scrutinize and judge information objectively. Every year numerous activities are organized by our college in which the students, teaching and nonteaching staff participate voluntarily. Working outside the college help students to gain more self-confidence, and appreciation for others. Through these activities we aim to arouse the social consciousness of the students by providing them opportunity to work with the community. These extension activities give the students a first-hand experience of how to deal with such social problems and also gives them opportunity for personality development, enabling them to find their sociocultural roots. Furthermore, it helped students to work

outside the college campus and to mingle with the local community and a diverse group of people and understand the hurdles faced by these individuals. These experiences obtained with all the community activities assist the students to understand the real state of the community and what they have to work on. It also helps our students to gain autonomy and appreciation for others and become excellent doctors with exceptional leadership qualities and responsible civilians. In this way, our institution aims at proper planning and execution of these activities contributing to the overall development of our students.

INTERNATIONAL DAY OF PERSONS WITH DISABILITY

ACTIVITY REPORT

(03/12/2019, TUESDAY)

When we secure the rights of people with disabilities, we move closer to achieving the central promise of the 2030 Agenda – to leave no one behind. -António Guterres, UN Secretary-General.

International day of persons with disabilities is observed on December 3rd of every year. The theme for this year International day for disability is 'Promoting the participation of persons with disabilities and their leadership: taking action on the 2030 Development Agenda'.

On the occasion of International day for persons with disability, an outreach program was conducted by Annoor Dental College and Hospital, Muvattupuzha on 3rd December 2019 at Dreamland Park (Latha Park), Muvattupuzha, in association with Block Resource Centre, Muvattupuzha for the disabled children selected from 49 schools in Muvattupuzha subdistrict. The program was inaugurated by the Muvattupuzha Municipality Chairman Mrs. Usha Shashidharan. Presidential address was given by Mrs. Premeela Gireeshkumar and Dr. Pooja Lati, Reader & Head, Department of Public Health Dentistry, Annoor Dental College and Hospital, Muvattupuzha gave the felicitation address. Dignitaries from various streams of society also addressed the gathering.

ANNOOR DENTAL COLLEGE & HOSPITAL DEPARTMENT OF PUBLIC HEALTH DENTISTRY

WORLD NO TOBACCO DAY REPORT

Every year the World Health Organization (WHO) observes 31st May as the annual "World No Tobacco Day". The theme of World no tobacco day 2018 is "Tobacco and heart disease".

World no tobacco day 2018 aims to:

- Emphasize the association between the use of tobacco products and heart and other cardiovascular diseases.
- Increase knowledge within the public about the impact of tobacco use.
- Provide opportunities for the public, governments and others to promote health by protecting people from use of tobacco products.

As part of the 'World No Tobacco Day', an awareness program about the ill effects of using tobacco was held on May 31st 2018 at KSRTC BUS STATION, MUVATTUPUZHA. It was organized by the Department of Public Health Dentistry, Annoor Dental College and Hospital. Prior permission was obtained for conducting the program at the bus stand. The program was inaugurated by Mr. Jayakumar (Regional Transport Officer). Welcome address was given by Dr. Pooja Latti (Head of Department of PHD) and an awareness talk regarding the harmful effects of tobacco on general as well as oral health was presented by Dr. Deepak Thomas (Senior Lecturer, Department of Periodontics). The following events were organized the venue:

- Educational posters and charts were displayed at the premises of the bus stand.
- Pamphlets in Malayalam regarding the link between tobacco and health were distributed among the public.
- Also an awareness skit was performed by the house surgeons to illustrate the physical, mental and social effects of tobacco on one's life.

A team comprising of 4 staff, 24 interns participated in the no tobacco day program and made it a successful event.

ORAL REHABILITATION AWARENESS

Loss of teeth is associated not only with compromised oral function, but also loss of social status and diminished self-esteem. Oral rehabilitation has broad positive implications, restoring quality of life and self-worth.

In order to create an awareness regarding oral rehabilitation, Screening camps were conducted in the villages of Kalloorkadu and Paingottoor , Ernakulam district, Kerala from May-July 2019. Over 30 completely edentulous patients in the BPL category were identified. 25 patients reported to the Department of Prosthodontics OP and complete dentures were fabricated.

A programme named 'MANDAHASAM' was arranged in the college auditorium on 5/9/2019. The guest speaker for the day was Prof Dr. Rupesh P.L. Secretary, Indian Prosthodontic Society. An awareness talk was given by the speaker on oral rehabilitation followed by denture distribution.

ORAL REHABILITATION AWARENESS

Taking good care of your mouth, teeth and gums is a worthy goal in and of itself. Oral rehabilitation is the restoration of function and esthetics.

As part of community outreach program a project (MANDAHASAM) was initiated by the government in association with the IPS(KERALA STATE BRANCH) to provide 20 free removable dentures for patients below the poverty line.

The program was conducted by the department of Prosthodontics, at Annoor Dental College & Hospital, muvattupuzha which was inaugurated in the presence of Honourable MLA Shri Eldho Abraham on 27-07-2018.

INTERNATIONAL DAY OF PERSONS WITH DISABILITY
ACTIVITY REPORT

(03/12/2018, MONDAY)

Every year the World Health Organization (WHO) observes 3rd December as the "International day of persons with disability". The theme of International day of persons with disability 2018 is "Empowering persons with disabilities and ensuring inclusiveness and equality".

As part of the "International day of persons with disability", an awareness program was held on December 3rd 2018 at Annoor Dental College and Hospital Auditorium. It was conducted for improving the awareness among the dental students on dental management of differently abled persons. The program was inaugurated by the Principal of college. Welcome address was given by Head of Department of Public Health Dentistry and an awareness talk was presented by Dr. Tharian Emmatty (Head of Department, Department of Pedodontics).

A team comprising of 4 staff, 2 interns led the program and UG students of college attended and made it a successful event.

The following activities were arranged for the children:

- Oral examination was done on 130 children.
- An awareness talk was given to parents and children by Dr.Bijimole Jose, Reader, Department of Pedodontics.
- Dental health Models and exhibits were displayed in the park premises for health education.
- Brushing technique was demonstrated to the children.
- Toothbrush, toothpaste & stationery kit consisting a pen, pencil, scale, eraser, pencil sharpener, chocolate & a smiles badge was distributed to all the children.

A total of 130 children with various disabilities benefited from this outreach program.

All the children were provided with a referral card after screening for availing further necessary treatments in the dental college.

The following annexure are attached herewith this report.

Annexure 1: Photographs of the event

Annexure 2: Newspaper report of the event

Mandahasam (Oral Rehabilitation) 2017-2018

Awareness program for geriatric population

Population ageing is one of the most discussed global phenomena in the present century. Countries with a large population like India have a large number of people now aged 60 years or more. The oral health services has been organized and developed in Annoor Dental college since 2017 to secure adequate early detection, prevention and treatment of oral health problems for all elderly people, whether living at home or in institutions. The achievement of such a service goes beyond what the dental profession can do alone. Annoor is moving towards a realistic goal towards achieving this and assure good quality of life and a reduction in the dental expenses for the elderly patients.

WORLD NO TOBACCO DAY REPORT

Every year the World Health Organization (WHO) observes 31st May as the annual "World No Tobacco Day". The theme of World no tobacco day 2016 is "Get ready for Plain Packaging".

As part of the 'World No Tobacco Day', an awareness program about the ill effects of using tobacco was held on May 31st 2016 at Annoor Dental College and Hospital Auditorium. It was conducted as awareness among the dental students on various aspects of ill effects of use of tobacco and its various forms. The program was inaugurated by Principal of college. Welcome address was given by Head of Department of Public Health Dentistry and an awareness talk regarding the harmful effects of tobacco on general as well as oral health was presented by Dr. Jose Paul (HOD, Department of Periodontics). The following events were organized the venue:

- Educational posters and charts were displayed at the premises of the auditorium.
- Pamphlets in Malayalam regarding the link between tobacco and health were distributed among the students and interns to distribute among patients.

A team comprising of 4 staff, 3 interns led the program and UG students of college attended and made it a successful event.

INTERNATIONAL DAY OF PERSONS WITH DISABILITY
ACTIVITY REPORT

(03/12/2016, SATURDAY)

Every year the World Health Organization (WHO) observes 3rd December as the "International day of persons with disability". The theme of International day of persons with disability 2016 is "Achieving 17 Goals for the Future We Want".

As part of the "International day of persons with disability", an awareness program was held on December 3rd 2016 at Annoor Dental College and Hospital Auditorium. It was conducted for improving the awareness among the dental students on dental management of differently abled persons. The program was inaugurated by the Principal of college. Welcome address was given by Head of Department of Public Health Dentistry and an awareness talk was presented by Dr. Tharian Emmanu (Head of Department, Department of Pedodontics).

A team comprising of 4 staff, 2 interns led the program and UG students of college attended and made it a successful event.

ORAL REHABILITATION AWARENESS

Oral rehabilitation or reconstruction plan is to optimize the health of the entire mouth, including the teeth, gums and the bite. In many cases, it is necessary to replace or restore every tooth in the mouth using a combination of dental services.

On Prosthodontist day 22/1/2016, an awareness talk was conducted by Dr. Byju Paul Kurian, Head of the dept, Dept of prosthodontics emphasizing on the importance of oral rehabilitation. He explained how rehabilitation is necessary to achieve significant improvements in patients self-esteem, masticatory functions and esthetics.

The talk had a significant impact on both patients as well as students. The audience now showed a sense of urgency to replace there missing teeth even in the posterior quadrants. 'The faster the intervention , the better the results'
