8.1.4 Orientation / Foundation courses practiced in the institution for students entering the college / clinics / internship:

INDUCTION CEREMONY/ORIENTATION FOR FRESHERS

The orientation program aims to form a solid foundation for the students before they officially start their first academic year. Different presentations with general information about college and hostel facilities, academic curriculum, faculty, clinical and pre-clinical departments are given during the session which provide an important introductory insight about the functioning of the college and the values it upholds - "as one who serves".

WHITE COAT CEREMONY

We hold our white coat ceremony at the very beginning of first year along with the grand induction ceremony, MAHATRIA. The white coat ceremony is conducted which symbolizes the need of caring, trust and their commitment to humanity as a dental student.

ORIENTATION PROGRAM FOR INTERNS

Internship is a phase of training when a new graduate is expected to acquire skills under supervision, so that the graduate becomes capable of practicing dentistry independently. In our college, we conduct an orientation program for fresh graduates before starting their one year compulsory internship. Interns are invited to participate in a one day orientation program conducted by senior faculty members that included interactive lectures, structured panel discussions and group discussions. The orientation program will help the fresh graduates for an easy transition from their student life to clinical work atmosphere and hence to a responsible dental practitioner.
